SUMMARY

I'm a BCA graduate with a solid foundation in programming and a strong passion for front-end development. Right now, I'm interning at IME Pay as a front-end developer, where I'm getting hands-on experience building responsive and dynamic websites using HTML, CSS, JavaScript, React, and Next.js. I'm also comfortable working with Figma when needed — whether it's understanding a design or putting together a quick prototype. I care about writing clean, efficient code and creating smooth, user-friendly experiences. I'm always looking for opportunities to learn more, grow my skills, and be part of meaningful projects.

PROJECTS

My Shop

- Developed using the Next.js framework.
- Designed a fully responsive and user-friendly interface.
- Integrated data from FakeStoreAPI to display product listings dynamically.

News Portal

- Built with the Next.js framework.
- Created a responsive layout with an intuitive UI for better readability.
- Fetched and displayed real-time content using data from BankingKhabar.

Travel & Tour

- Developed a travel and tourism site using the Next.js framework.
- Designed a mobile-first, user-friendly interface to enhance the user experience.

EDUCATION

2025	BroadwayInfosys (Web Design)	
2021 – 2024	Bachelor's Degree in Computer Applications, RR Institute of Technology	(CGPA: 7.86)
2021	Higher Secondary (Class 12), National Examination Board (NEB)	(GPA: 2.66)
2019	Secondary Education (Class 10), National Examination Board (NEB)	(GPA: 3.05)

SKILLS

Programming Languages: C, Java, Python, JavaScript
Web Development: HTML, CSS, JavaScript
Tools/Frameworks: Git, Nextjs
